Summary

A self-motivated, fast learner teacher with high skills in public speaking and creative in teaching methods. Graduated from university of Jordan with V.GOOD grade. Willing to show my teaching skills and ability in building warm relationships with the students. Hope to get that opportunity at your beloved school.

Experience

Although I am a recent graduate, I gained valuable training experience during the final semester of my bachelor's degree. This period not only provided practical training but also allowed me to demonstrate my skills. As a result, I received an appreciation certificate from the school and an 'A' grade from the university. Furthermore, I earned a Diploma in Montessori philosophy in 2024, which has further enhanced my educational foundation and pedagogical approach.

- **AL JAMI'A Schools Group.** Trainee
- **Government additional teaching.** Grade 3
- **National Qumra School.** KG pre
